

## REFERRAL REQUEST: FEEDBACK OR OPINION OF SLIDES

**Please select which referral service you require. Tick one box:**

**Type 1)** NEQAS or In-House control slides, for antigens and modules previously requested, and assessed by scheme; after optimisation, changes to methodology, platform, or reagents

**Type 2)** On slide(s) stained with antibody(s), not currently listed as part of the UK NEQAS ICC & ISH repertoire, for the associated module or sample

**Important**

- Please send in a *separate* form for each request/antigen/request type
- You will be sent a unique reference for each request, please use this if contacting the scheme
- Requests may be reviewed by:
  - UK NEQAS ICC & ISH scientific staff
  - UK NEQAS ICC & ISH assessors, during the assessment sessions (quarterly)
  - Using external specialist consultation and experts
- Turnaround time for feedback may vary, according to the method used by the scheme
- Some requests (**Type 2**) will incur a consultation fee, you will be informed of this when you submit your request
- A copy of your staining protocol will be required if you are requesting a **Type 2** referral, or if you have significantly changed your protocol from your assessment submission (**Type 1**).
- You can also add brief notes or details in the section below\*
- Do Not use this form for the Reassessment of slides or any other slide related purpose

<b>Participant Number</b>	
<b>Requested By (enter name)</b>	
<b>Email</b>	
<b>Module (Type 1 Request)</b>	
<b>Sample/Tissue (Type 2 Request)</b>	
<b>Antigen</b>	
<b>Supplier/Clone/Product Code</b>	

**\*Accompanying Notes and Details (continue overleaf if necessary):**
