

## REFERRAL REQUEST: FEEDBACK OR OPINION OF SLIDES

**Please select which referral service you require. Tick one box:**

1) NEQAS or In-House control slides, for an antigen and module previously requested, and assessed by the scheme; after optimisation, changes to methodology, platform, or reagents

2) On slide(s) stained with an antibody, not currently listed as part of the UK NEQAS ICC & ISH repertoire, for the associated module or sample type

**Important – Please Read:**

**The assessment of quality we are providing is based on the opinion of our reviewers. This service is an adjunct to, and not an alternative to, your own validation/verification procedure.**

- Please send in a *separate* form for each request/antigen/request type
- Each request will be allocated a unique reference by the scheme
- Requests may be reviewed by:
  - UK NEQAS ICC & ISH scientific staff
  - UK NEQAS ICC & ISH assessors, during the assessment sessions (quarterly)
  - Using external specialist consultation and experts
- Turnaround time for feedback may vary, according to the method used by the scheme, and may take up to several months, particularly for **Type 2** requests
- **Type 2** requests will incur a fee, we will contact you if this applies
- We are limiting the number of **Type 1** requests to 8 per annum for each Participant, after which a fee will apply. Again, we will contact you if this applies
- A copy of your staining protocol will be required if you are requesting a **Type 2** referral, or if you have significantly changed your protocol from your assessment submission (**Type 1**).
- You can also add brief notes or details in the section below\*
- Do Not use this form for Reassessment of slides, or any other slide related purpose
