

Staff Scientist

required by

UK National External Quality Assessment Scheme for Immunocytochemistry and In-Situ Hybridisation

UK NEQAS ICC & ISH provides external quality assessment (EQA) services to clinical healthcare laboratories to help them quality assure their tests and to improve clinical cancer testing across the UK and worldwide.

The Scheme has been in existence for more than 30 years, is accredited by UK Accreditation Service and is a member of the UK NEQAS consortium (a registered charity). We are an enthusiastic, hard-working team of scientists and administrative staff, based in Farringdon, London.

A vacancy has arisen in the team for someone to contribute to our scientific and managerial work.

The role:

- ✓ *much of the time, you will work in a self-directed way to support all aspects of our EQA activities;*
- ✓ *you will participate in office-based administrative and managerial work;*
- ✓ *you will undertake laboratory-based work;*
- ✓ *you will get involved in our quarterly EQA assessments.*

The person:

- ✓ *ideally, you will have experience of histological techniques and extensive experience of immunocytochemistry, gained by working within a clinical histopathology service or a research histology setting;*
- ✓ *you must be energetic, diligent and willing to apply yourself fully in everything you do;*
- ✓ *if you are the right person, we are prepared to train you and to help you develop into the role and continue to succeed in your career.*

Your starting salary will be between £43,884 and £51,769 per annum (inclusive of London allowance, for a 36.5-hour working-week), dependent on your experience and skills.

The employment contract will be provided by External Quality Assessment Services for Cancer Diagnostics, a registered Community Interest Company.

If you want to know more about this opportunity read the Job Description and Person Specification. To download them go here on our website:
